Math Practice - Grade 1

M5 Word problems within 20 - Take from

M5 1.OA.A.1, 1.OA.A.2, 1.OA.D.8

Name: _____ Date: _____

Read the story. Write the number sentence and the answer.

Example: Noah has 11 books. Noah gives 1 to a friend. How many books are left?

How: Find the two numbers in the story. If things are taken away, subtract. Write the number sentence, then solve it.

11 - 1 = 10

---

1 **Noah has 3 books. Noah gives some to a friend. Now Noah has 0. How many books did Noah give away?**

3 - ☐ = 0

---

2 **Ava has some toy cars. Ava gives 3 away. Now Ava has 4. How many toy cars did Ava have at first?**

☐ - 3 = 4

---

3 **Ava has 12 oranges. Ava gives 4 to a friend. How many oranges are left?**

12 - 4 = ☐

Math Practice - Grade 1

M5 Word problems within 20 - Take from

M5 1.OA.A.1, 1.OA.A.2, 1.OA.D.8

Name: _____ Date: _____

Read the story. Write the number sentence and the answer.

Example: Liam has 7 books. Liam gives some to a friend. Now Liam has 6. How many book did Liam give away?

How: Find the two numbers in the story. If things are taken away, subtract. Write the number sentence, then solve it.

$7 - \boxed{1} = 6$

---

1 **Ava has some crayons. Ava gives 6 away. Now Ava has 1. How many crayons did Ava have at first?**

$\square - 6 = 1$

---

2 **Noah has some oranges. Noah gives 4 away. Now Noah has 9. How many oranges did Noah have at first?**

$\square - 4 = 9$

---

3 **Mia has 5 toy cars. Mia gives 2 to a friend. How many toy cars are left?**

$5 - 2 = \square$
