Math Practice - Grade 1

M6 Subtraction as a missing addend, the equal sign - True or false

M6 1.OA.B.4, 1.OA.D.7

Name: _____ Date: _____

Circle True or False.

Example: Circle True or False.

How: Work out both sides of the equal sign. If both sides are the same number, the equation is true.

4 + 7 = 11

True False

1

4 = 4 + 1

True False

2

6 - 1 = 5

True False

3

9 - 8 = 2

True False

4

10 + 4 = 14

True False

5

10 - 2 = 7

True False

6

10 - 3 = 7

True False

7

6 - 5 = 3

True False

8

9 - 1 = 8

True False

9

2 - 1 = 0

True False

10

5 = 9 - 4

True False

11

8 + 8 = 17

True False

12

9 + 8 = 17

True False

13

4 = 2 + 0

True False

14

9 - 7 = 2

True False

Math Practice - Grade 1

M6 Subtraction as a missing addend, the equal sign - True or false

M6 1.OA.B.4, 1.OA.D.7

Name: _____ Date: _____

Circle True or False.

Example: Circle True or False.

How: Work out both sides of the equal sign. If both sides are the same number, the equation is true.

$2 = 2 - 0$

True False

1

$3 + 1 = 5$

True False

2

$2 - 1 = 1$

True False

3

$8 - 3 = 7$

True False

4

$3 = 9 - 6$

True False

5

$1 + 1 = 1$

True False

6

$5 - 5 = 0$

True False

7

$0 + 10 = 9$

True False

8

$8 - 4 = 4$

True False

9

$1 + 9 = 12$

True False

10

$5 - 1 = 4$

True False

11

$7 + 2 = 10$

True False

12

$10 - 7 = 3$

True False

13

$7 - 1 = 7$

True False

14

$4 + 0 = 4$

True False
