Math Practice - Grade 3

M4 Division as sharing and grouping - Missing factor

M4 3.OA.A.2, 3.OA.A.4, 3.OA.B.6

Name: _____ Date: _____

Find the missing number.

Example: Find the missing number.

How: Think of the division fact that goes with it. Divide the product by the known factor to find the missing number.

2 x 8 = 16

1 10 x ☐ = 70

2 10 x ☐ = 60

3 5 x ☐ = 15

4 4 x ☐ = 40

5 7 x ☐ = 49

6 2 x ☐ = 12

7 3 x ☐ = 21

8 4 x ☐ = 12

9 9 x ☐ = 54

10 6 x ☐ = 42

11 8 x ☐ = 80

12 4 x ☐ = 8

Math Practice - Grade 3

M4 Division as sharing and grouping - Missing factor

M4 3.OA.A.2, 3.OA.A.4, 3.OA.B.6

Name: _____ Date: _____

Find the missing number.

Example: Find the missing number.

How: Think of the division fact that goes with it. Divide the product by the known factor to find the missing number.

$5 \times \boxed{3} = 15$

1 $9 \times \square = 45$

2 $3 \times \square = 30$

3 $3 \times \square = 24$

4 $8 \times \square = 40$

5 $10 \times \square = 30$

6 $9 \times \square = 36$

7 $9 \times \square = 18$

8 $8 \times \square = 16$

9 $9 \times \square = 63$

10 $5 \times \square = 40$

11 $5 \times \square = 10$

12 $6 \times \square = 18$

M4 Division as sharing and grouping - Missing factor

M4 3.OA.A.2, 3.OA.A.4, 3.OA.B.6

Name: _____ Date: _____

Find the missing number.

Example: Find the missing number.

How: Think of the division fact that goes with it. Divide the product by the known factor to find the missing number.

3 x 2 = 6

1 7 x ☐ = 21

2 4 x ☐ = 24

3 7 x ☐ = 35

4 2 x ☐ = 14

5 7 x ☐ = 49

6 8 x ☐ = 80

7 3 x ☐ = 21

8 7 x ☐ = 63

9 3 x ☐ = 27

10 7 x ☐ = 28

11 10 x ☐ = 80

12 3 x ☐ = 24
