Math Practice - Grade 4

M10 Fractions and decimals - Decimals as fractions

M10 4.NF.C.5, 4.NF.C.6, 4.NF.C.7

Name: _____ Date: _____

Write the decimal as a fraction.

Example: Write 0.61 as a fraction.

How: The last digit tells the place. Write the digits over 10 for tenths or over 100 for hundredths.

$0.61 = \frac{61}{100}$

1

$0.05 = \frac{\square}{\square}$

2

$0.89 = \frac{\square}{\square}$

3

$0.77 = \frac{\square}{\square}$
