Math Practice - Grade 4

M3 Multiplication as comparison and multi step word problems - Times as many

M3 4.OA.A.1, 4.OA.A.2, 4.OA.A.3

Name: _____ Date: _____

Read the story. Write the multiplication and the answer.

Example: 63 is 7 times as many as 9. Write the multiplication equation.

How: Times as many means multiply. Multiply the first number by the number of times.

63 = 7 x 9

---

1 **48 is 4 times as many as 12. Write the multiplication equation.**

☐ = 4 x 12

---

2 **Mia has 8 toy cars. Jack has 7 times as many toy cars as Mia. How many toy cars does Jack have?**

8 x 7 = ☐

---

3 **Liam has 4 marbles. Ava has 7 times as many marbles as Liam. How many marbles does Ava have?**

4 x 7 = ☐

Math Practice - Grade 4

M3 Multiplication as comparison and multi step word problems - Times as many

M3 4.OA.A.1, 4.OA.A.2, 4.OA.A.3

Name: _____ Date: _____

Read the story. Write the multiplication and the answer.

Example: Lily has 11 books. Jack has 8 times as many books as Lily. How many books does Jack have?

How: Times as many means multiply. Multiply the first number by the number of times.

11 x 8 = 88

---

1 **77 is 7 times as many as 11. Write the multiplication equation.**

☐ = 7 x 11

---

2 **10 is 5 times as many as 2. Write the multiplication equation.**

☐ = 5 x 2

---

3 **14 is 2 times as many as 7. Write the multiplication equation.**

☐ = 2 x 7

Math Practice - Grade 4

M3 Multiplication as comparison and multi step word problems - Times as many

M3 4.OA.A.1, 4.OA.A.2, 4.OA.A.3

Name: _____ Date: _____

Read the story. Write the multiplication and the answer.

Example: Noah has 5 balloons. Mia has 3 times as many balloons as Noah. How many balloons does Mia have?

How: Times as many means multiply. Multiply the first number by the number of times.

5 x 3 = 15

---

1 **Ella has 8 seashells. Lily has 8 times as many seashells as Ella. How many seashells does Lily have?**

8 x 8 = ☐

---

2 **Jack has 12 balloons. Ben has 2 times as many balloons as Jack. How many balloons does Ben have?**

12 x 2 = ☐

---

3 **55 is 5 times as many as 11. Write the multiplication equation.**

☐ = 5 x 11
