Math Practice - Grade 5

M5 Numerical expressions - Evaluate an expression

M5 5.OA.A.1, 5.OA.A.2

Name: _____ Date: _____

Work out the value of the expression. Write the answer in the box.

Example: Work out the value.

How: Work inside the innermost grouping symbols first, then the next ones out. Parentheses, brackets, and braces all group, and the innermost group goes first.
